We offer comprehensive plans that include a variety of options and benefits that many others don't include, such as three cleanings and exams per year and composite (white) fillings on all teeth. Our plans also let groups choose from a range of deductibles and annual maximums as well as forgo waiting periods to ensure that plans are affordable and meet their employees' needs. When you choose TruAssure as your dental benefits carrier, you can be sure that you're making the best choice for your employees and your company.

Why a small group dental plan makes sense for your small business:

- **Truly affordable coverage.** Our dental plans help keep your bottom line manageable.
- **No waiting periods.** Our plans give you the ability to waive waiting periods for your employees. Most carriers have waiting periods.
- **Our plans focus on prevention with exams, cleanings, fluoride and sealants covered at 100% in-network.** Your employees get the preventive dental care they need before small issues turn into more costly and time-intensive treatments.
- **Flexibility in plan coverage.** We offer flexible plan options to meet the needs of your group at an affordable rate.
- **Stand-alone plans independent of your health insurance.** You'll get richer coverage and lower out-of-pocket costs than a plan that's "embedded" in a health plan.
- **Network dentists where employees need them.** Employees can find dentists who best fit their schedules and location – close to home or near the office.
- **Service that will make you smile.** Your employees get accurate and timely answers to their questions, allowing you to manage the rest of your business.
