# TruAssure Max Savings, Choice and Choice Plus Dental Plans for Individuals and Families\*

TruAssure offers affordable, hassle-free dental insurance for individuals and families without access to group-sponsored plans. TruAssure makes dental coverage as easy as possible. Our dental plans give individuals and their families the oral health care they need at a price they can afford – and we make it hassle-free!

Our TruAssure Max Savings, Choice and Choice Plus plans include a variety of options and benefits that many other carriers don't include, such as three cleanings per year and composite (white) fillings on all teeth. Our Choice and Choice Plus plans do not have waiting periods and allow individuals to choose from a selection of annual maximums. When you choose TruAssure as your dental benefits carrier, you can be sure that you're making the best choice for you and your family.

#### Here's why a TruAssure dental plan is the best choice for you and your family:

- A variety of plans that all offer comprehensive coverage. It's easy to choose the best plan for you and your family.
- Benefits that are simple to understand. You don't have to read any fine print before you schedule a routine cleaning.
- **Our plans focus on prevention.** You and your family get the preventive dental care you need before small issues turn into more costly and time-intensive treatments.
- Truly affordable coverage. You can make sure dental care fits easily into your budget.
- **TruAssure plans offer no age limits or rate increases for individuals older than 65.** Many carriers have age limits and age banded rates, charging those older than 65 more than younger customers.
- Stand-alone plans independent of your health insurance. You'll get richer coverage and lower out-of-pocket costs than a plan that's "embedded" in a health plan.
- Network dentists where you want them, when you need them. You can find a dentist who best fits your schedule and location. Close to your kids' school? On your way home from work? You'll be able to find a dentist that works for you.
- Service that will make you smile. You can get the oral health care you need and get on with your life. We know the value of a healthy smile and what it means to your well-being!

#### TruAssure dental plans feature:

- The freedom to choose your own dentist
- Three cleanings per year
- Composite (white) fillings covered
